

# Microgrid 2017 CONFERENCE

Nov. 6-8, 2017 • Boston, MA

**Mark your calendar for the powerhouse microgrid event of the year.**

Join us to see how far microgrids have come in one year — and where the industry will head next.

This conference is jointly hosted by Microgrid Knowledge, the Microgrid Resources Coalition and the International District Energy Association.

**Microgrid Knowledge** is an online resource that helps utilities, developers, investors, and organizations understand the trends, technologies and players in the distributed energy market. Updated daily, the site tracks breaking news and provides in-depth features, reports and white papers on microgrid deployment and operations. Microgrid Knowledge reaches over 30,000 unique visitors each month. [www.microgridknowledge.com](http://www.microgridknowledge.com)

**The Microgrid Resources Coalition (MRC)** is a consortium of owners, operators, developers, suppliers and investors formed to advocate for policies and regulations that support microgrid deployment. The MRC is a subsidiary of IDEA.

**The International District Energy Association (IDEA)** is a nonprofit trade association for district energy/CHP/microgrid professionals, whose active engagement has enabled the organization to inform, connect and advance the district energy industry since its formation in 1909. IDEA runs multiple highly-rated conferences each year and today has over 2,300 members in 25 nations and is governed by an all-volunteer Board of Directors.
